PRODUCT DETAILS

- Andy Boy cauliflower gets its pure, creamy color naturally. As the plant grows, heavy, green leaves shadow and protect shy undeveloped flower buds. Without sunlight, no chlorophyll develops, so Andy Boy cauliflower remains white.
- Tasty and creative ways to cook with cauliflower include pizza crust, rice, bread and soup.
- The tender large bouquets, full of wonderful flavor, contain folate, fiber and complex carbohydrates.

ADVANTAGES

- Premium Quality Cauliflower
- Versatile Product for Many Applications
- Year-Round Availability
- Rich in Vitamin B and Vitamin C

CARE & HANDLE

- Refrigerate Immediately: 34 - 36°F
- Wash Before Eating

Cauliflower rice and mashed cauliflower are great low carb options for any meal.
